in the budget accordingly.

The Chief Engineer now states that the Comptroller objects to the outlay on the work — which to the end of June 1910 amounts to Rs 2627- being debited to the civil budget on the ground that the building belongs to the P. W. Dept. In this connection reference is invited to pages 4 and 5 of the Notes in Agri 201-08 82, 49 & 52 from which it will be seen that the Comptroller was of opinion that the excess expenditure therein referred to should be met from the Exhibition funds. Even if the additional grant is sanctioned it will be merely a nominal one as the expenditure relates to last year and the provision made in the budget has lapsed. Branch II may be consulted.

Submitted for orders.

The amount is small & can certainly be adjusted by the P. W. D without a fresh grant, if so stated by

Chief Engineer of Mysore,
Bangalore,

To

T. T. Krishnamachar Iyer, Esq., B.A.,
Offg. Secretary to the Government of
His Highness the Maharaja of Mysore,
General and Revenue Departments, Bangalore.

Sir,

Adverting to Government Proceedings No. R-10412-4/Agri-201-08 dated the 10th June 1909 sanctioning the installation of electric lights in the Exhibition Buildings in Mysore at an approximate cost of Rs. 4,000, I have the honour to inform you that the Comptroller of Mysore objects to the outlay on the work being debited to the Civil Budget on the ground that the building belongs to Public Works Department. The cost of the installation which is an appendage to the building, has therefore to be borne by the latter.

2. The outlay incurred on the work to end of June last is Rs. 2,627 and remains unadjusted in the accounts of this Department. I, therefore, request that you will be so good as to transfer this sum as an additional grant to the current year's Public Works Budget.

I have the honour to be,
Sir,
Your most obedient servant,

Deputy Chief Engineer,
Mysore P.W.D.
